# True Over Time *Collection*

With its 2026 Collection, Poltrona Frau celebrates an idea of authentic design, capable of enduring over time while preserving its meaning.

True Over Time expresses furnishings conceived to last—not only through the quality of materials and craftsmanship, but through their ability to evolve alongside the lives of those who choose them.

A balance between artisanal tradition, innovation and responsibility, where durability becomes a form of truth: objects that transform, gain character and, over time, come to hold stories, gestures and memories.

An evolution of the iconic Archibald armchair, Archibald Sofa System translates its original language into a modular system with more generous, welcoming proportions.

Soft, enveloping forms, with clean-lined backrests free of additional cushions, are defined by the signature rippling details and refined, leather-inspired stitching.

The seating elements are designed as independent modules, allowing for flexible linear or corner configurations that adapt effortlessly to contemporary living spaces. The volumes, visually lightened by hidden feet, create a sense of suspension and elegance.

The Blisscape sofa evolves into an even more complete and comfortable version, introducing a deeper seat, higher and adjustable armrests, and a further expanded modular system.

Designed to adapt to increasingly fluid living needs, it includes new elements such as the 45° inclined armchair — created to optimally support different seating positions — and deep modules, including the peninsula end unit and pouf, which broaden compositional possibilities.

These solutions enable articulated, multidirectional and highly customizable configurations, combining advanced ergonomics with a sophisticated aesthetic. Blisscape thus interprets the concept of contemporary comfort, transforming the sofa into a welcoming and central space within the living area.

Completing the system, Blisscape small tables further enhance its functionality, introducing a series of versatile elements designed to integrate seamlessly into compositions or to be used as independent pieces. Available in different shapes and sizes, they function as side tables, coffee tables or integrated surfaces, contributing to a dynamic and multifunctional living space.

Blisscape small tables complete the system by expanding its functionality through a family of versatile elements, designed to integrate naturally into compositions or to stand as independent pieces.

Available in a variety of shapes and sizes, they can be used as side tables, coffee tables or integrated surfaces, helping to define a dynamic and multifunctional living environment.

Crafted from premium materials such as Pelle Frau® leather and marble, they express a refined balance between material richness, artisanal care and formal clarity. Paired with the sofa, they extend its usability with functional and aesthetically coherent surfaces; at the same time, thanks to their design autonomy, they can be freely placed in other areas of the home, engaging in dialogue with different furnishings while maintaining their distinctive identity.

Light and essential, the Archibald Slim Dining Chair reinterprets the iconic Archibald language in a more linear and versatile form.

The padded, enveloping backrest ensures comfort and proper support while maintaining a clean, contemporary aesthetic.

Ideal for dining settings as well as residential and contract environments, it is available in Pelle Frau® or fabric, with a solid ash wood base in various finishes.

The Archibald Stool expands the collection with a swivel version that combines comfort and functionality.

Equipped with a 360° rotation mechanism with automatic return, it retains the elegant and enveloping lines of the Archibald family.

Available in two heights, with a solid ash wood base and stainless steel footrest, it can be upholstered in Pelle Frau® or fabric.

An elegantly essential dining table, Abigail expresses a perfect balance between formal rigor and material richness.

The rectangular marble top, with softly rounded corners, is supported by four solid ash wood legs with a tapered triangular section, lending lightness to the overall design.

Available in three sizes, with a range of marble and wood finishes, Abigail adapts effortlessly to different dining settings, interpreting conviviality with a contemporary, timeless style.

An evolution of the Infinito family, Infinitamente 2.0 is an extra large dining table that combines sculptural presence with a strong convivial spirit.

The marble top, composed of two offset ovals, evokes the symbol of infinity and the harmony of Yin and Yang, becoming a distinctive feature with both aesthetic and symbolic value.

The helical bases, upholstered in Pelle Frau® ColorSphere® Impact Less, express Poltrona Frau's craftsmanship excellence, enabling refined color combinations with the marble top.

Designed to host up to twelve people and available in a range of marble and leather finishes, Infinitamente 2.0 places the dining table at the center of contemporary living, blending material richness, technical precision, and timeless elegance.

A collection of geometric side tables defined by an essential and contemporary aesthetic.

Cuiré stands out for its balance between formal rigour and material richness, interpreting the table as a light yet distinctive architectural element.

The square shape, available in multiple sizes and a single height, is framed by a perimeter structure upholstered in Pelle Frau® leather, precisely outlining the top. Cylindrical legs, also leather-clad and finished with tone-on-tone stitching, create visual continuity and understated elegance.

The top is available in marble, crafted from a single slab, or in back-painted glass in Tortora, Qarzo Fumé, Creta, Limo and Steel Blue finishes, creating a refined dialogue between surfaces and colours, between leather and glass.

A design that combines geometry, materiality and sartorial craftsmanship, conceived to integrate seamlessly into a variety of interiors while enhancing the space with a sophisticated and balanced presence.

A special re-edition of the iconic Albero bookcase, Albero GFF 100 celebrates the centenary of Gianfranco Frattini's birth with a timeless design.

Originally conceived in the late 1950s as a floor-to-ceiling, freestanding room divider, it stands out for its self-supporting, rotating, and freely configurable structure.

Crafted in Santos rosewood and American walnut Brown, it showcases a refined material balance between rich grain patterns and deep tones. The twelve adjustable shelves and 360° rotation enhance both functionality and architectural presence.

The edition is distinguished by a commemorative brass plaque featuring the "GFF100" logo, paying tribute to a master of Italian design and to a project that retains its modernity over time.

Designed by Dante Bonuccelli, DomusCove is a modular day system defined by architectural lightness and precision.

Engineered for floor-to-ceiling or floor-to-wall installation, it enables the creation of flexible, free-standing or wall-mounted compositions.

Its modular structure allows for fully tailored configurations, adapting to a wide range of functional and aesthetic needs. Shelves, flap-door units, drawer modules and bar elements integrate into a dynamic system designed to organise and enhance the living space.

Premium materials such as wood, marble, glass and Pelle Frau® leather interact in a refined balance, expressing a synthesis of design versatility and artisanal craftsmanship. Details, finishes and customisation options define an elegant, contemporary system that evolves with the space.

Zabriskie is a collection of storage units defined by clean, essential lines and a rigorous architectural language inspired by 1970s design.

Balanced proportions, suspended volumes and refined detailing create a sophisticated, contemporary presence.

Raised from the floor, each piece features a precise structure, Pelle Frau® leather upholstery and carefully crafted metal details. The top, available in wood or marble, introduces a refined contrast of materials, while interiors in extra-light natural maple enhance brightness and visual lightness.

The collection includes a range of configurations — low cabinets and multimedia cabinets — designed to meet different functional needs. Accessories and optional elements, such as internal drawers, dividers, trays and open shelves, allow for further customization.

The Esedra collection, designed by Monica Förster, reinterprets the traditional pleating technique — an iconic element of Poltrona Frau craftsmanship — with a contemporary approach.

The folds in Pelle Frau®, radiating from the center, create a refined sunburst pattern.

The range expands with new sizes and proportions, enhancing versatility of use. The more compact pouf, with a seat height similar to a chair, works perfectly as an additional seat at a table or desk, while the wider and lower version is designed for the living area, as an informal seat or footrest.

In the storage version, the pouf transforms into a small table thanks to a removable lid/tray, offering a practical space to store throws, cushions, or other objects.

A collection of poufs in essential square and rectangular forms, defined by clean, uninterrupted surfaces with no visible stitching.

Kubaya expresses a rigorous and contemporary aesthetic, designed to highlight the material quality and tactile richness of the upholstery.

At the heart of the collection is Pelle Frau® Motif Knits, created through a sophisticated hot-embossing process that generates a three-dimensional pattern inspired by textile weaves and basketry. The result is a rich, dynamic surface, soft and velvety to the touch, capable of enhancing light and colour nuances.

The collection is also available in other Pelle Frau® leathers, offering a range of material and colour interpretations.

Balanced proportions and compact volumes define versatile pieces that integrate naturally into a variety of interiors. The base is available with feet or with concealed swivel castors, ensuring flexibility of use.

A generous, inviting bed, soft like a cloud, designed to envelop the body in a feeling of relaxed comfort.

Designed by Faye Toogood, LieLow is defined by its full, harmonious forms and gently draped upholstery that enhances its material richness.

The semi-circular headboard and bed frame are characterised by soft folds and generous volumes, evoking the elegance of a padded quilt. Upholstered in Pelle Frau® leather the surfaces naturally gather and crease, giving each piece a unique, expressive quality.

Resting lightly on its feet, LieLow appears almost to float, combining sculptural presence with visual softness. A design that reinterprets the bed as an intimate and welcoming space, blending expressiveness, comfort and contemporary refinement.

Designed by Faye Toogood, the LieLow bedside table is conceived as a natural extension of the bed, echoing its soft lines and enveloping silhouette.

A piece that dialogues with the original design, translating its language into a more compact scale.

The curved form recalls the profile of the headboard, while the Pelle Frau® leather upholstery follows the surfaces seamlessly, enhancing material richness and tactile quality. Tone-on-tone stitching and essential detailing contribute to a refined and understated aesthetic.

Available in a shelf or drawer version, the bedside table combines functionality with formal clarity. The drawer, defined by a subtle recessed front, features a push-pull opening system that preserves its clean appearance.

A piece designed to complete the bedroom with coherence and lightness, balancing comfort, craftsmanship and contemporary design.

Designed by Sebastian Herkner, Stock'N Roll evolves from a bedside table into a multifunctional piece, responding to the needs of contemporary living.

A versatile design that can be configured as a sleek home desk or as a refined dressing table with an adjustable mirror.

Playful yet sophisticated, its compact volumes are defined by subtle circular details that shape its identity. Upholstered in Pelle Frau® ColorSphere® leather, inside and out — also available in a two-tone version — it enhances both material richness and colour depth.

Designed for everyday use, it features an organised storage compartment with shelves and tray, while the top includes an integrated oval valet tray. In the dressing table version, the adjustable mirror adds further functionality while maintaining formal coherence and visual lightness.

A piece that combines function and character, transforming everyday gestures into an elegant, contemporary experience.

Archibald Task President interprets the contemporary office through a balance of presence, comfort and wellbeing.

As the new executive chair in the Archibald Task collection, it evolves the family's iconic language with a higher, more enveloping backrest that extends seamlessly from the armrests, providing full support up to the head and enhancing posture and long-term comfort.

A defining feature is the innovative KristalMed® padding, a patented technology certified as a Class I Medical Device, integrating bio-molecules derived from natural minerals. Thanks to its bioactive properties, it promotes relaxation, improves concentration and supports wellbeing during long working hours.

The five-star aluminum base, available in polished or black painted finishes, incorporates advanced adjustment mechanisms for height, tilt and rotation. Upholstered in Pelle Frau® Impact Less or fabric, it is designed for contemporary office environments where ergonomics and design excellence come together in lasting comfort.

The Tullissè table lamp is the result of a new collaboration with Atelier Oï. The result is both sophisticated and ethereal, reminiscent of the tulle tutu of a classical ballerina, which inspires the name Tullissè.

The Swiss multidisciplinary studio marks its first project with Poltrona Frau, reinterpreting the concept of the abat-jour in a contemporary way through an object that explores the interplay of light and shadow, expressing a new material and luminous language.

A refined spiral weave of Pelle Frau® leather strips forms a modern and distinctive lampshade, diffusing a soft, enveloping light. The leather shade rests on a structural glass element crafted using an artisanal technique: white at the top, it gradually fades into transparency towards the base, enhancing a captivating sense of lightness and magic. The lamp base is made of aluminium with a brass-painted finish.

More than a reissue, a true rediscovery:  
Gio Ponti Oro is a floor lamp designed  
by the Master in the 1950s for a residential  
project and never put into production.

Today it is brought to light by  
Poltrona Frau in collaboration with  
the Gio Ponti Archives, as part  
of the "True Over Time" collection,  
dedicated to authentic design that  
endures over time.

Defined by a strong sculptural  
presence, the lamp stands out for its  
refined balance between form and  
light. Curved metal panels, arranged  
in a rhythmic sequence, interact  
with the vertical light tubes to create  
a dynamic, three-dimensional effect.  
The satin brass finish lends timeless  
elegance, enhancing the contrast  
between matte surfaces and luminous  
elements.

A project that embodies Gio Ponti's  
timeless vision and the enduring  
relevance of a design that remains  
strikingly modern across decades.

The poetic essence of Moonbeam, winner of the Wallpaper\* Design Awards 2026, expands into two new versions: an enlarged table lamp and a new floor variant.

Created in collaboration with digital artist Six N. Five (Ezequiel Pini) and presented at Milan Design Week 2025, the collection is enriched with a large table lamp and a floor version, expanding its versatility across residential and contract settings.

Inspired by the moon and its phases, Moonbeam stands out for its evocative, sculptural character. The new table version enhances its sense of refinement, while the floor lamp — ideal behind a sofa — creates the impression of light suspended in space, like a small floating moon. Refined proportions and detailing heighten its theatrical effect, reinforcing the collection's sophisticated identity.

Both the table and floor versions feature a brass finish, with a disc available in brass or Pelle Frau® ColorSphere Impact Less leather in Latte, Tortora, Mattone and Darsena.

Nymph by Sebastian Herkner  
is a suspended light defined  
by elegance and lightness.

Presented in 2024, the Nymph lamp series immediately stands out for its balanced interplay of refinement and simplicity. The collection is now expanded with a new pendant version: Nymph Air.

This new interpretation preserves the project's distinctive features: the fluted glass, inspired by one of Poltrona Frau's signature techniques, and the "button" detail applied to the lower part of the diffuser, recalling the iconic tufting of the Chester sofa.

In this version, a high-efficiency LED light bar interacts with the glass, casting a uniform, soft and enveloping light enriched by subtle transparencies. The effect is further enhanced by the introduction of a new white gradient glass, designed to create an even more evocative atmosphere.

The lighting body is completed by a height-adjustable suspension system, allowing for versatile integration in both residential and contract settings

An essential table, dressed with a few carefully chosen elements -- both beautiful and functional. Chicware expresses Poltrona Frau's vision of a contemporary table setting, defined by balanced proportions, soft edges and refined detailing.

↑ Placemat, Pelle Frau® ColorSphere® SC 233 Bardiglio and SC 278 Atlantic Blue

Placemat, napkin holder, charger and coaster: each piece is designed for everyday use, with durable surfaces that are pleasant to the touch. Pelle Frau® ColorSphere Impact Less leather adds visual depth, while the double-face construction allows for coordinated colour pairings, creating elegant contrasts or tone-on-tone harmonies.

Decorative double stitching and a hot-stamped logo provide a distinctive mark of authenticity and craftsmanship, for a collection designed to stand the test of time. The Chicware line is available in brown/grey and blue/light blue finishes.

The Tableware Collection, created in collaboration between Poltrona Frau and Giobagnara, is enriched with new elements designed for elegant and functional serving.

Rectangular trays in three sizes, a basket with a stainless steel inner container, and a serving box with lid and glass divider complete the collection.

Each piece features a walnut wood structure covered in Pelle Frau® ColorSphere® leather, combining durability with refined aesthetics. The SC 66 India and SC 31 Quarzo Fumé finishes enhance the material depth, for a contemporary and sophisticated table setting.

Designed to accompany professional travel, the Traveller's Collection designed by Poltrona Frau combines functionality and elegance in a coordinated line featuring a trolley and a work bag. Each piece is conceived for everyday use, with a solid construction and an interior layout tailored to working on the move.

The trolley ensures smooth handling and stability thanks to its swivel wheels and practical access points, while the bag includes dedicated compartments for laptops and documents, with handles and a shoulder strap designed for comfort and durability. Pelle Frau® leather enhances the richness of texture and colour, while details are finished with sartorial precision.

The collection is available in Pelle Frau® ColorSphere in SC 20 Inchiostro and SC 66 India, or with the Motif Weavers pattern designed by Simona Cremascoli.

Urban elegance.  
Ludovica Serafini+ Roberto Palomba  
design a line of small leather goods  
conceived for dynamic urban mobility.  
Tote bag, beauty case and clutch pouch  
form a coordinated, functional and  
elegant set, complemented by a key  
holder and luggage tag.

Each piece is designed to be practical  
and durable: the tote is spacious  
and versatile, the beauty case keeps  
essentials organised, while the clutch  
stands out for its compact format.  
The woven Motif Weavers pattern  
designed by Simona Cremascoli  
defines the collection's identity, paired  
with clean proportions and refined

An encounter between East and West gives life to Shiwa, a collection of ceramic vases designed by Japanese artist Yuki Nara.

Inspired by the ripples of water, the three models with organic shapes express a poetic and ever-evolving aesthetic.

Made of white clay using the slip casting technique, they are the result of artisanal processes that enhance the artist's hand and expertise. The surfaces, marked by gentle folds, evoke forms shaped by the wind.

After careful hand-finishing, each piece is completed with airbrushed glazing, enhancing its material depth.

Available in white and grey, the collection also includes the Tall Vase in Pacific Blue, a special limited-edition color.

**IT** **Con la collezione 2026, Poltrona Frau celebra un’idea di design autentico, capace di attraversare il tempo conservando intatto il proprio significato. *True Over Time* racconta arredi pensati per durare, non solo nella qualità dei materiali e delle lavorazioni, ma nella loro capacità di evolvere insieme alla vita di chi li sceglie.**

Un equilibrio tra tradizione artigianale, innovazione e responsabilità, in cui la durata diventa espressione di verità: oggetti che si trasformano, si arricchiscono e custodiscono nel tempo storie, gesti e memorie.

**ABIGAIL**

**Design by Roberto Lazzeroni, 2026**

Un tavolo da pranzo dall’eleganza essenziale, Abigail esprime un perfetto equilibrio tra rigore formale e matericità. Il piano rettangolare in marmo, dagli angoli smussati, è valorizzato da quattro gambe in massello di frassino dalla sezione triangolare, leggermente rastremate per conferire leggerezza all’insieme.

Disponibile in tre dimensioni, con diverse finiture di marmo e legno, Abigail si adatta con versatilità a molteplici ambienti dining, interpretando la convivialità con uno stile contemporaneo e senza tempo.

**ALBERO GFF 100**

**Design by Gianfranco Frattini, 1958/2026** Riedizione speciale dell’iconica libreria Albero, Albero GFF 100 celebra il centenario dalla nascita di Gianfranco Frattini con un pezzo senza tempo. Progettata alla fine degli anni ’50 come libreria centro stanza terra-soffitto, si distingue per la sua struttura autoportante, girevole e liberamente componibile. Realizzata in Palissandro Santos e Noce Americano Brown, esprime un raffinato equilibrio materico tra venature preziose e profondità cromatica. Le dodici mensole regolabili e la rotazione a 360° ne esaltano la funzionalità e la versatilità architettonica.

L’edizione è impreziosita da una targhetta commemorativa in ottone con il logo “GFF100”, omaggio a un maestro del design italiano e a un progetto capace di attraversare il tempo con intatta modernità.

**ARCHIBALD SLIM DINING CHAIR**

**Design by Jean-Marie Massaud, 2026**

Leggera ed essenziale, Archibald Slim Dining Chair reinterpreta l’iconico linguaggio Archibald in una versione più lineare e versatile. Lo schienale imbottito e avvolgente garantisce comfort e supporto, mantenendo un’estetica pulita e contemporanea.

**ARCHIBALD SOFA SYSTEM**

**Design by Jean-Marie Massaud, 2026**

Evoluzione dell’iconica poltrona Archibald, Archibald Sofa System traduce il linguaggio originario in un sistema modulare dalle proporzioni più ampie e accoglienti. Le forme morbide e avvolgenti, con schienali dalle linee tese e privi di cuscini aggiuntivi, sono animate dalle iconiche increspature e da cuciture ispirate alla pelletteria, segno distintivo del progetto.

Le sedute, concepite come elementi indipendenti, possono essere combinate liberamente in configurazioni lineari o angolari, offrendo grande flessibilità e adattabilità agli spazi contemporanei. I volumi, visivamente alleggeriti dai piedi nascosti, restituiscono un senso di sospensione ed eleganza.

Il sistema si completa con i tavolini Baldwin di Ceccotti Collezioni, caratterizzati da forme scultoree, piani in marmo e strutture in legno

massello, che dialogano armoniosamente con le curve morbide dei divani, arricchendo le composizioni con superfici funzionali e raffinate.

Il rivestimento è disponibile in Pelle Frau® o tessuto sfoderabile, sempre con base rivestita in Pelle Frau®, a sottolineare la continuità materica e l’attenzione al dettaglio.

**ARCHIBALD | STOOL**

**WOOD SWIEVEL VERSION**

**Design by Jean-Marie Massaud, 2026**

Lo sgabello Archibald amplia la collezione con una versione girevole che unisce comfort e funzionalità. Dotato di meccanismo di rotazione a 360° con ritorno automatico, mantiene le linee eleganti e avvolgenti della famiglia.

Disponibile in due altezze, con base in frassino e poggiapiedi in acciaio, è rivestito in Pelle Frau® o tessuto.

**BLISSCAPE**

**Design by Ludovica Serafini**

**+ Roberto Palomba**

Il divano Blisscape evolve in una versione ancora più completa e confortevole, introducendo una nuova profondità di seduta, braccioli più alti e regolabili e un sistema modulare ulteriormente ampliato. Pensato per adattarsi a esigenze abitative sempre più fluide, integra nuovi elementi come la poltrona inclinata a 45°, progettata per sostenere in modo ottimale diverse posture, e i moduli deep, tra cui il terminale a penisola e il pouf, che ampliano le possibilità compositive. Queste soluzioni permettono di creare configurazioni articolate, multidirezionali e altamente personalizzabili, in grado di coniugare ergonomia avanzata e un’estetica sofisticata. Blisscape interpreta così il concetto di comfort contemporaneo, trasformando il divano in uno spazio accogliente e centrale nella zona living.

A completare il sistema, i tavolini Blisscape ampliano ulteriormente la funzionalità del divano, introducendo una serie di elementi versatili progettati per integrarsi armoniosamente nelle composizioni o vivere come pezzi indipendenti. Disponibili in diverse forme e dimensioni, si configurano come piani d’appoggio, coffee table o superfici integrate, contribuendo a definire uno spazio living dinamico e multifunzionale.

**BLISSCAPE LOW TABLE**

**Design by Ludovica Serafini**

**+ Roberto Palomba**

I tavolini Blisscape completano il sistema ampliandone la funzionalità attraverso una famiglia di elementi versatili, progettati per integrarsi con naturalezza nelle composizioni o vivere come pezzi indipendenti. Disponibili in diverse forme e dimensioni, si configurano come piani d’appoggio, coffee table o superfici integrate, contribuendo a definire uno spazio living dinamico e multifunzionale. Realizzati con materiali pregiati come la Pelle Frau® e il marmo, esprimono un equilibrio raffinato tra qualità materica, cura artigianale e rigore formale. Accostati al divano ne estendono le possibilità d’uso, offrendo superfici funzionali e coerenti dal punto di vista estetico; allo stesso tempo, grazie alla loro autonomia progettuale, possono essere inseriti liberamente anche in altri contesti della casa, dialogando con arredi diversi e mantenendo intatta la propria identità.

**CUIRÉ**

**Design by Poltrona Frau**

**Style & Design Centre**

Una collezione di tavolini geometrici dal segno essenziale e contemporaneo. Cuiré si distingue per l’equilibrio tra rigore formale e

ricchezza materica, interpretando il tavolino come un elemento architettonico leggero ma distintivo.

La forma quadrata, proposta in diverse dimensioni e in un’unica altezza, è definita da una cornice perimetrale rivestita in Pelle Frau® che disegna con precisione il profilo del piano. Le gambe cilindriche, anch’esse rivestite in pelle e rifinite con cuciture ton su tono, conferiscono continuità visiva ed eleganza discreta.

Il piano è disponibile in marmo, ricavato da un’unica lastra, oppure in vetro retro verniciato nelle finiture Tortora, Quarzo Fumé, Creta, Limo e Steel Blue, per un raffinato dialogo tra superfici e colori, tra pelle e vetro. Un progetto che unisce geometria, materia e cura sartoriale, pensato per inserirsi con naturalezza in diversi contesti abitativi, valorizzando lo spazio con una presenza sofisticata e misurata.

**DOMUSCOVE**

**Design by Dante Bonuccelli**

Disegnato da Dante Bonuccelli, DomusCove è un sistema giorno a montanti che interpreta lo spazio con leggerezza e precisione architettonica. Progettato per il fissaggio terra-soffitto o terra-parete, consente di creare composizioni libere e flessibili, sia a parete sia a centro stanza.

La struttura modulare permette di configurare soluzioni su misura, adattandosi a diverse esigenze funzionali ed estetiche. Ripiani, contenitori a ribalta, cassettiere e moduli bar si integrano in un sistema dinamico, pensato per organizzare e valorizzare la zona living. Materiali di pregio come legno, marmo, vetro e Pelle Frau® dialogano tra loro in un equilibrio raffinato, esprimendo una sintesi tra versatilità progettuale e cura artigianale. I dettagli, le finiture e le possibilità di personalizzazione definiscono un sistema elegante e contemporaneo, capace di evolversi insieme allo spazio.

Un progetto che coniuga libertà compositiva e rigore formale, trasformando l’arredo in un’architettura domestica su misura.

**DRESSCOVE**

**Design by Dante Bonuccelli**

Il sistema notte DressCove interpreta lo spazio guardaroba come un ambiente su misura, dove design, funzionalità e artigianalità si fondono in un equilibrio raffinato. Progettato da Dante Bonuccelli, rappresenta la prima soluzione completa Poltrona Frau per armadi e cabine armadio, pensata per creare configurazioni personalizzate fino al più piccolo dettaglio.

La struttura modulare consente di definire composizioni flessibili e altamente personalizzabili, mentre l’utilizzo di materiali pregiati — legni, metalli e Pelle Frau® — esprime una sintesi tra innovazione e tradizione manifatturiera. Ogni elemento è studiato per coniugare precisione progettuale ed eleganza senza tempo.

Le novità introducono ulteriori possibilità espressive: nuove finiture, accessori e dettagli arricchiscono il sistema, ampliandone la versatilità. Completa il progetto la possibilità di integrare un dressing table dedicato, perfettamente coordinato e armoniosamente inglobato nella composizione. Un sistema che trasforma il guardaroba in uno spazio intimo e sofisticato, dove ogni gesto quotidiano diventa espressione di stile e cura.

**ESEDRA**

**Design by Monica Förster, 2026**

La collezione Esedra, firmata da Monica Förster, reinterpreta in chiave contemporanea la tradizionale lavorazione plissé, cifra

distintiva Poltrona Frau. Le pieghe in Pelle Frau®, che si irradiano dal centro, creano un raffinato motivo a raggiera.

La gamma si amplia con nuove dimensioni e proporzioni, per una maggiore versatilità d’uso. Il pouf più compatto, con altezza simile a una sedia, è ideale come seduta aggiuntiva anche davanti a tavoli o scrivanie; quello più ampio e basso è pensato per il living, come seduta informale o poggiapiedi. Nella versione con contenitore, il pouf si trasforma in tavolino grazie a un coperchio/vassoio removibile, offrendo uno spazio pratico per riporre oggetti.

**INFINITAMENTE 2.0**

**Design by Roberto Lazzeroni, 2026**

Evoluzione della famiglia Infinito, Infinitamente 2.0 è un tavolo da pranzo dalle proporzioni extra large che unisce forza scultorea e vocazione conviviale. Il piano in marmo, composto da due ovali sfalsati, richiama il simbolo dell’infinito e l’armonia dello Yin e Yang, trasformandosi in un segno distintivo di grande valore estetico e simbolico. Le basi elicoidali, rivestite in Pelle Frau® ColorSphere® Impact Less, esprimono l’eccellenza del savoir-faire artigianale Poltrona Frau, con lavorazioni raffinate che permettono eleganti combinazioni cromatiche con il top in marmo.

Pensato per accogliere fino a dodici persone e disponibile in diverse finiture di marmo e pelle, Infinitamente 2.0 interpreta la tavola come fulcro della convivialità contemporanea, con un linguaggio progettuale che coniuga materia, tecnica e un’eleganza senza tempo.

**KUBAYA**

**Design by Poltrona Frau**

**Style & Design Centre**

Una collezione di pouf dalle forme essenziali, quadrate e rettangolari, caratterizzata da superfici pulite e continue, prive di cuciture a vista. Kubaya esprime un’estetica rigorosa e contemporanea, pensata per mettere in risalto la matericità e il valore tattile del rivestimento.

Protagonista è la Pelle Frau® Motif Knits, ottenuta attraverso un sofisticato processo di embossing a caldo che crea un motivo tridimensionale ispirato agli intrecci tessili e alla cesteria. Il risultato è una superficie ricca e dinamica, morbida e vellutata al tatto, capace di valorizzare la luce e le sfumature del colore.

La collezione è disponibile anche in altre pelli Pelle Frau®, offrendo diverse interpretazioni materiche e cromatiche del progetto. Le proporzioni equilibrate e i volumi compatti definiscono oggetti versatili, pensati per inserirsi con naturalezza in diversi contesti abitativi. Il basamento è disponibile con piedini oppure con ruote piroettanti integrate, per una maggiore flessibilità d’uso.

**LIELOW**

**Design by Faye Toogood**

Un letto ampio e accogliente, soffice come una nuvola, pensato per avvolgere il corpo in una sensazione di comfort rilassato. Disegnato da Faye Toogood, Lielow si distingue per le sue forme piene e armoniose e per un rivestimento delicatamente drappeggiato che ne esalta la matericità.

La testata semicircolare e il giroletto si caratterizzano per morbide pieghe e volumi generosi, evocando l’eleganza di una trapunta imbottita. Il rivestimento in Pelle Frau® accompagna naturalmente le superfici, creando un effetto leggermente increspato che rende ogni pezzo unico.

Sospeso sui suoi piedini, Lielow appare leggero e quasi fluttuante, combinando presen-

za scultorea e comfort visivo. Un progetto che interpreta il letto come spazio intimo e accogliente, capace di unire espressività, morbidezza e raffinatezza contemporanea.

**LIELOW BEDSIDE TABLE**

**Design by Faye Toogood**

Disegnato da Faye Toogood, il comodino Lielow nasce come naturale estensione del letto, riprendendone le linee morbide e la silhouette avvolgente. Un complemento che dialoga con il progetto originale, traducendone il linguaggio in una scala più compatta. La forma curva richiama il profilo della testata, mentre il rivestimento in Pelle Frau® segue le superfici con continuità, esaltando la matericità e la qualità tattile. Le cuciture tono su tono e i dettagli essenziali contribuiscono a un’estetica sobria e raffinata. Disponibile nella versione con mensola o con cassetto, il comodino unisce funzionalità e pulizia formale. Il cassetto, caratterizzato da una delicata rientranza frontale, integra un’apertura push-pull che ne mantiene l’aspetto minimale.

Un oggetto pensato per completare lo spazio notte con coerenza e leggerezza, in perfetto equilibrio tra comfort, artigianalità e design contemporaneo.

**STOCK’N ROLL**

**Design by Sebastian Herkner**

Disegnato da Sebastian Herkner, Stock’n Roll si evolve da comodino a elemento multifunzionale, capace di interpretare le esigenze dell’abitare contemporaneo. Un progetto versatile che può essere configurato come home desk essenziale oppure come raffinata toaletta con specchio orientabile.

Il design, giocato ma sofisticato, è caratterizzato da volumi compatti e dettagli circolari che ne definiscono l’identità. Il rivestimento in Pelle Frau® ColorSphere® avvolge superfici interne ed esterne, anche in versione bicolore, valorizzando la profondità cromatica e la qualità materica. Pensato per un utilizzo quotidiano, integra uno spazio contenitore organizzato con ripiani e vassoio, mentre il top è arricchito da un pratico vuotatasche integrato. Nella versione toaletta, lo specchio regolabile introduce un ulteriore elemento funzionale, mantenendo coerenza formale e leggerezza visiva.

Un oggetto che unisce funzionalità e carattere, trasformando i gesti quotidiani in un’esperienza elegante e contemporanea.

**ZABRISKIE**

**Design by Roberto Lazzeroni**

Zabriskie è una collezione di contenitori dal linguaggio essenziale e rigoroso, ispirata a un’estetica architettonica che richiama gli anni ’70. Linee pulite, proporzioni equilibrate e volumi sospesi definiscono una presenza sofisticata e contemporanea.

Sollevati da terra, i mobili si distinguono per la struttura precisa, il rivestimento in Pelle Frau® e i dettagli metallici che ne sottolineano il carattere. Il top, disponibile in legno o in marmo, introduce un raffinato contrasto materico, mentre gli interni in acero naturale extrachiaro aggiungono luminosità e leggerezza visiva.

La collezione comprende diverse configurazioni — low cabinet e multimedia cabinet — pensate per rispondere a esigenze funzionali differenti. Accessori e optional, come cassetti interni, divisori, vassoi e mensola a giorno, permettono di personalizzare ulteriormente ogni composizione.

Nel multimedia cabinet, l’integrazione di sistemi per la gestione dei cavi consente un utilizzo ottimale dei dispositivi elettronici, mantenendo pulizia formale e ordine visivo.

Un progetto che unisce rigore formale, ricerca materica e flessibilità progettuale, pensato per organizzare lo spazio con eleganza e precisione.

**ARCHIBALD TASK | PRESIDENT CHAIR**

**Design by Jean-Marie Massaud, 2026**

Archibald Task President interpreta l’ufficio contemporaneo con un equilibrio tra rappresentatività, comfort e benessere. Nuova poltrona presidenziale della collezione Archibald Task, evolve l’iconico linguaggio della famiglia con uno schienale più alto e avvolgente che, in continuità con i braccioli, offre un sostegno completo fino alla nuca, valorizzando postura e comfort prolungato. Elemento distintivo è l’innovativa imbottitura Kristal Med®, tecnologia brevettata e certificata come Dispositivo Medico di Classe I, che integra bio-molecole derivate da minerali naturali. Grazie alle sue proprietà bioattive, favorisce il rilassamento, migliora la concentrazione e contribuisce al benessere durante lunghe ore di lavoro.

La base a cinque razze in alluminio, disponibile nelle finiture lucida o verniciata nera, integra meccanismi di regolazione avanzati per altezza, inclinazione e rotazione. Il rivestimento in Pelle Frau® Impact Less o tessuto completa una seduta pensata per ambienti office evoluti, dove ergonomia e qualità progettuale si fondono in un’esperienza di comfort duraturo.

**GIO PONTI ORO**

**Design by Gio Ponti, 1950**

Più che una riedizione, una vera e propria riscoperta: Gio Ponti Oro è una lampada da terra progettata dal Maestro negli anni '50 per un progetto residenziale e mai entrata in produzione. Oggi viene riportata alla luce da Poltrona Frau in collaborazione con Gio Ponti Archives, all’interno della collezione “True Over Time”, dedicata a un design autentico e capace di attraversare il tempo. Caratterizzata da una forte presenza scultorea, la lampada si distingue per l’equilibrio raffinato tra forma e luce. I pannelli metallici curvi, disposti in sequenza ritmica, dialogano con i tubi luminosi verticali creando un effetto dinamico e tridimensionale. La finitura in ottone satinato conferisce eleganza e profondità, esaltando il contrasto tra superfici opache e sorgenti luminose.

Un progetto che testimonia la visione senza tempo di Gio Ponti e il valore di un design che, anche a distanza di decenni, conserva intatta la propria modernità.

**LIFESTYLE COLLECTION**

**Design by Giobagnara x Poltrona Frau**

La Lifestyle Collection introduce una linea di oggetti pensati per organizzare con eleganza gli accessori personali. Portagioielli e porta occhiali, disponibili a uno o due scomparti, si aprono rivelando uno specchio integrato e cassetti interni suddivisi. Completano la collezione piccoli vassoi vuotatasche, disponibili in forma tonda o rettangolare e in due dimensioni, ideali per ogni ambiente della casa. Realizzati in legno di noce e rivestiti in Pelle Frau® ColorSphere®, gli oggetti sono disponibili nelle finiture SC 66 India e SC 31 Quarzo Fumé.

**MOONBEAM**

**Design by Six N.Five, 2026**

La poesia di Moonbeam, vincitrice dei Wallpaper\* Design Awards 2026, si estende a due nuove versioni, una da tavolo di dimensioni maggiorate e una nuova variante da terra. Nata dalla collaborazione con l’artista digitale Six N. Five (Ezequiel Pini) e presentata alla Milano Design Week 2025, la collezione si arricchisce con una lampada da tavolo

Large e una versione da terra, ampliando le possibilità d’uso in contesti residenziali e contract.

Ispirata alla luna e alle sue fasi, Moonbeam si distingue per il suo carattere evocativo e scultoreo. La nuova versione da tavolo ne accentua la preziosità, mentre la lampada da terra — ideale dietro un divano — crea l’effetto di una luce sospesa, come una piccola luna in equilibrio nello spazio. Proporzioni e dettagli ricercati esaltano l’effetto scenografico, rafforzando il carattere sofisticato della collezione.

Sia la versione da tavolo che quella da terra, sono in finitura ottone, con disco disponibile in ottone o in Pelle Frau® ColorSphere Impact Less nelle tonalità Latte, Tortora, Mattone e Darsena.

**NYMPH AIR**

**Design by Sebastian Herkner, 2026**

Nymph by Sebastian Herkner è una luce sospesa tra eleganza e leggerezza.

Presentata nel 2024, la serie di lampade Nymph si distingue fin da subito per il suo equilibrio misurato tra raffinatezza e semplicità. La collezione si arricchisce oggi di una nuova versione a sospensione: Nymph Air. Questa nuova interpretazione mantiene intatti i tratti distintivi del progetto: il vetro lavorato a canneté, ispirato a una delle lavorazioni iconiche di Poltrona Frau, e il dettaglio del “bottono” applicato nella parte inferiore, che richiama la tradizionale impuntura del divano Chester.

In questa configurazione, una barra LED ad alta efficienza dialoga con il vetro, diffondendo una luce uniforme, morbida e avvolgente, ricca di trasparenza. L’effetto è ulteriormente esaltato dall’introduzione di un nuovo vetro sfumato bianco, pensato per rendere l’atmosfera ancora più suggestiva. Il corpo illuminante è completato da un sistema di sospensione regolabile in altezza, che consente un’integrazione versatile in ambienti residenziali e contract. La lampada a sospensione Nymph Air è disponibile in due finiture — vetro fumé e vetro sfumato bianco — e in due dimensioni.

**OFFICE COLLECTION**

**Design by Giobagnara x Poltrona Frau**

La Office Collection si amplia con due nuovi accessori che uniscono praticità e cura del dettaglio: un cestino a doppio scomparto e un metro a nastro retrattile.

Il cestino, dalle linee essenziali e dagli angoli smussati, è realizzato in legno rivestito in Pelle Frau® ColorSphere®, disponibile nelle finiture SC 66 India e SC 31 Quarzo Fumé. Il metro tascabile, compatto e funzionale, è rivestito in Pelle Frau® e accompagnato da un astuccio coordinato, che ne valorizza il carattere e lo rende ideale anche come oggetto regalo.

**SHIWA**

**Design by Yuki Nara, 2026**

Un incontro tra Oriente e Occidente dà vita a Shiwa, collezione di vasi in ceramica firmata dall’artista giapponese Yuki Nara. Ispirati alle increspature dell’acqua, i tre modelli dalle forme organiche esprimono un’estetica poetica e in continua trasformazione. Realizzati in terra bianca con la tecnica del colaggio, nascono da processi artigianali che valorizzano la mano e la competenza dell’artista. Le superfici, segnate da leggere pieghe, evocano forme mosse dal vento. Dopo la levigatura manuale, ogni pezzo è rifinito con smaltatura ad aerografo, esaltandone la profondità materica. Disponibili in bianco e grigio, sono affiancati dal Vaso Alto in Blu Pacifico, colore speciale in edizione limitata.

**TABLEWARE COLLECTION**

**Design by Giobagnara x Poltrona Frau**

La Tableware Collection nasce dalla collaborazione tra Poltrona Frau e Giobagnara e si arricchisce di nuovi elementi pensati per un servizio elegante e funzionale. Vassoi rettangolari in tre dimensioni, un cestino con contenitore interno in acciaio inox e un contenitore da portata con coperchio e divisorio in vetro completano la collezione.

Ogni oggetto è caratterizzato da una struttura in legno di noce rivestita in Pelle Frau® ColorSphere®, che unisce solidità e raffinatezza. Le finiture SC 66 India e SC 31 Quarzo Fumé esaltano la profondità materica, per una mise en place contemporanea e ricercata.

**CHICWARE**

**Design by Poltrona Frau Style & Design**

Una tavola essenziale, vestita con pochi elementi, belli e funzionali. Chicware interpreta la visione Poltrona Frau di un’apparecchiatura contemporanea, fatta di proporzioni equilibrate, bordi morbidi e dettagli curati. Tovaglietta, portatovagliolo, sottopiatto e sottobicchiere: ogni elemento è progettato per l’uso quotidiano, con superfici resistenti e piacevoli al tatto. La Pelle Frau® ColorSphere Impact Less dona profondità visiva, mentre la lavorazione double-face consente di abbinare due colori coordinati, creando contrasti eleganti o armonie tono su tono. La doppia cucitura decorativa e il logo impresso a caldo aggiungono un segno distintivo di autenticità e pregio, per una collezione pensata per durare nel tempo. La linea Chicware è disponibile nelle finiture marrone/grigio e blu/azzurro.

**TULLISSÉ**

**Design by Atelier Oï, 2026**

La lampada da tavolo Tullissé nasce da una nuova collaborazione con Atelier Oï.

Lo studio svizzero multidisciplinare firma il suo primo progetto per Poltrona Frau, reinterpretando l’idea di abat-jour in chiave contemporanea attraverso un oggetto che esplora il rapporto tra luce e ombra, dando vita a un inedito linguaggio materico e luminoso. Un raffinato intreccio a spirale di strisce di Pelle Frau® dà forma a un paralume moderno e originale, capace di diffondere una luce morbida e avvolgente. Il paralume in pelle si posa su un vetro strutturale realizzato con una tecnica artigianale: bianco nella parte superiore, sfuma progressivamente verso la trasparenza, amplificando un suggestivo effetto di leggerezza e magia. La base è in alluminio con finitura verniciata ottone. Il risultato è al tempo stesso sofisticato ed etereo, evocando il tutù in tulle di una ballerina classica, da cui prende ispirazione il nome Tullissé.

La lampada è disponibile in due dimensioni e in tre varianti colore: rosso (Lacca/Quarzo Fumé), marrone-grigio (India/Quarzo Fumé) e blu-azzurro (Atlantic Blue/Bardiglio).

**TRAVELLER’S COLLECTION**

**Design by Poltrona Frau**

**Style & Design Centre**

Pensata per accompagnare gli spostamenti professionali, la Traveller’s Collection disegnata da Poltrona Frau unisce funzionalità ed eleganza in una linea coordinata composta da trolley e borsa da lavoro. Ogni elemento è progettato per l’uso quotidiano, come una costruzione solida e un’organizzazione interna studiata per il lavoro in viaggio. Il trolley si distingue per maneggevolezza e stabilità, grazie alle ruote piroettanti e agli accessi funzionali, mentre la borsa integra spazi dedicati a laptop e documenti, con manici e tracolla progettati per garantire comfort e resistenza. Le superfici in Pelle

Frau® valorizzano la grana e la profondità cromatica, mentre i dettagli sono rifiniti con cura sartoriale.

La collezione è disponibile in Pelle Frau® ColorSphere nelle tonalità SC 20 Inchiostro e SC 66 India, oppure con il pattern Motif Weavers ideato da Simona Cremascoli.

#### TRAVELLER'S COLLECTION Design by Ludovica Serafini

+ Roberto Palomba

Eleganza urbana. Ludovica Serafini + Roberto Palomba firmano una linea di piccola pelletteria pensata per una mobilità urbana dinamica. Tote bag, beauty case e clutch pouch compongono un set coordinato funzionale ed elegante, completato da portachiavi e luggage tag.

Ogni elemento è progettato per essere pratico e resistente: la tote bag è capiente e versatile, il beauty case custodisce gli essenziali, mentre la clutch si distingue per il formato compatto. Il pattern intrecciato Motif Weavers ideato da Simona Cremascoli definisce l'identità della collezione, dialogando con proporzioni pulite e dettagli accurati.

Il risultato è un'estetica contemporanea e raffinata, che unisce artigianalità e gusto internazionale, adatta al viaggio come all'uso quotidiano.

#### TRAVELLER'S COLLECTION

Design by Carlotta Fortuna

Carlotta Fortuna rinnova la Traveller's Collection con una nuova interpretazione dello zaino e della borsa da viaggio, introdotti in una versione arricchita dal pattern intrecciato Motif Weavers.

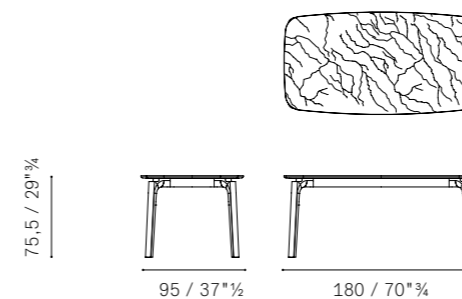

Realizzati nella tonalità Cinnamon, i due accessori combinano funzionalità e ricerca estetica, valorizzando la materia attraverso un disegno grafico e sofisticato. Il risultato è un equilibrio tra praticità e stile, pensato per accompagnare il viaggio contemporaneo con carattere distintivo.
