## DESIGN

### **Pippa folding armchair**

*by Rena Dumas for Hermès*

Rena Dumas created the Pippa collection of folding furniture in 1983. It was the first Hermès furniture collection and the house chose Pier Luigi Ghianda, Italy's most respected cabinetmaker, to develop the pieces. This one is in ebonised maple and red Taurillon Clemence buffalo-calf leather. £19,170, [hermes.com](http://hermes.com)

### **CEO table**

*by Lella and Massimo Vignelli for Poltrona Frau*

The CEO table was introduced in 1989 by the New York-based Lella and Massimo Vignelli and updated by Lella in 2008. Made up of cylinders and squares, it has a monumental, sculptural shape. It is entirely wrapped in leather (this one is in the shade Tobacco) and padded, making it soft to the touch. £8,580, [poltronafrau.com](http://poltronafrau.com)
